

wrinkles and gaps

Wrinkles and gaps will appear in different spots depending on the type of bag

Monacca is made by press molding, so there will be wrinkles and creases in the curves and in other spots. This is one of the peculiarity of the product and it does not affect its use.

Woodgrain and Color Shades

Since the product is made of materials grown in nature, there are differences in color and grain depending on the logs used. due to different shades of color of the woods used, even the same product will have color differences in its wooden parts.

you can choose the wood grain and color from the QR code

monacca
only one shop

Same color, but so different!
